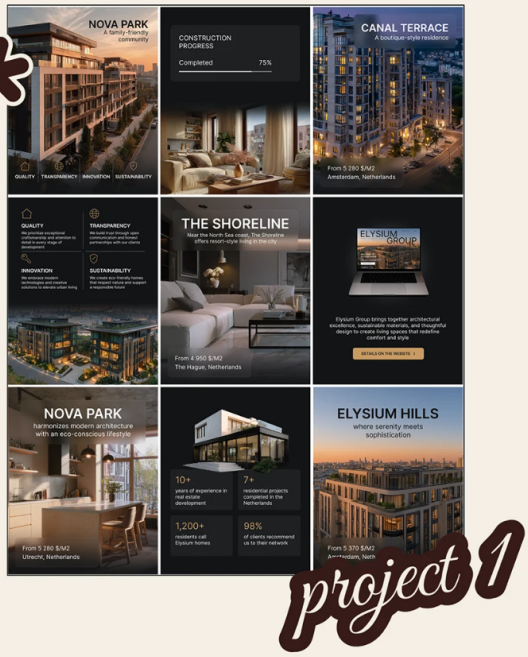
project 1

social media design

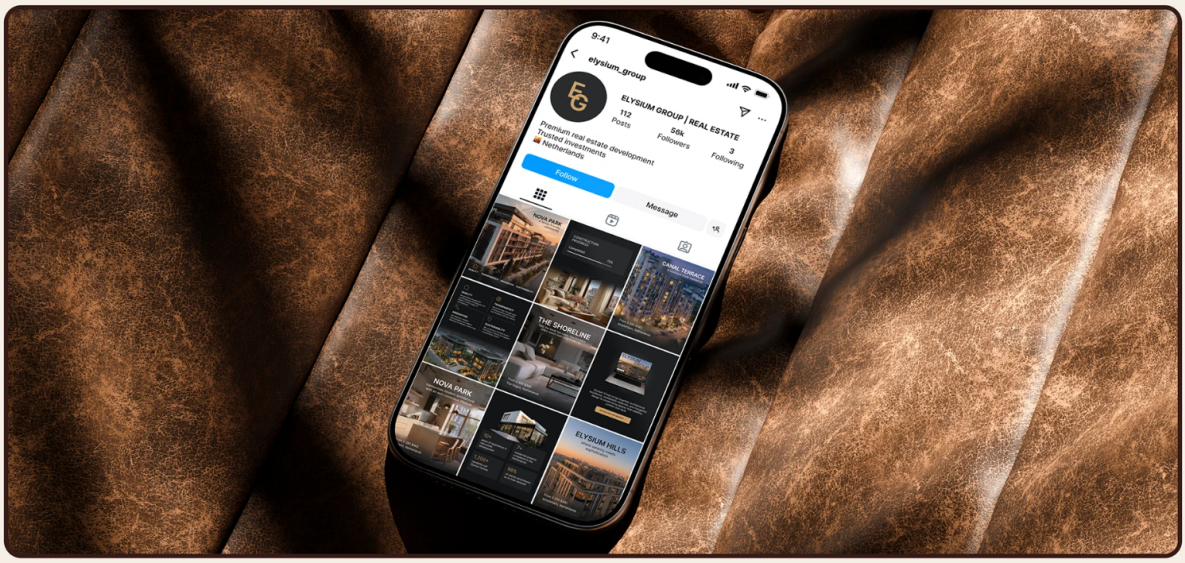
real estate

About the project: Instagram visual identity for the real estate development company Elysium Group, which specializes in modern residential and commercial complexes in the Netherlands

Result: Developed a cohesive Instagram brand identity that aligns with the website design and strengthens the company's visual consistency across platforms



project 1



project 2

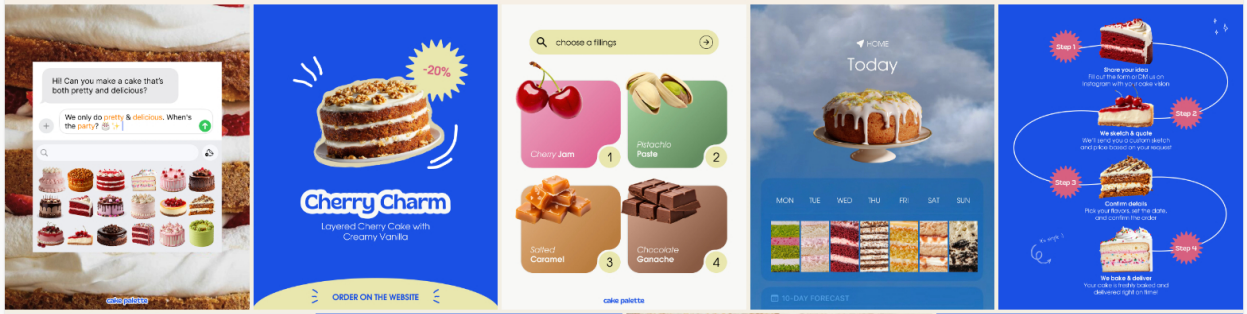
social media design

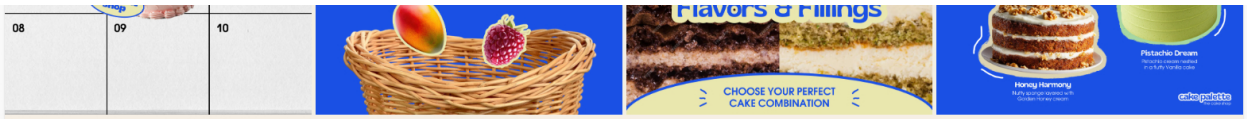
cake shop

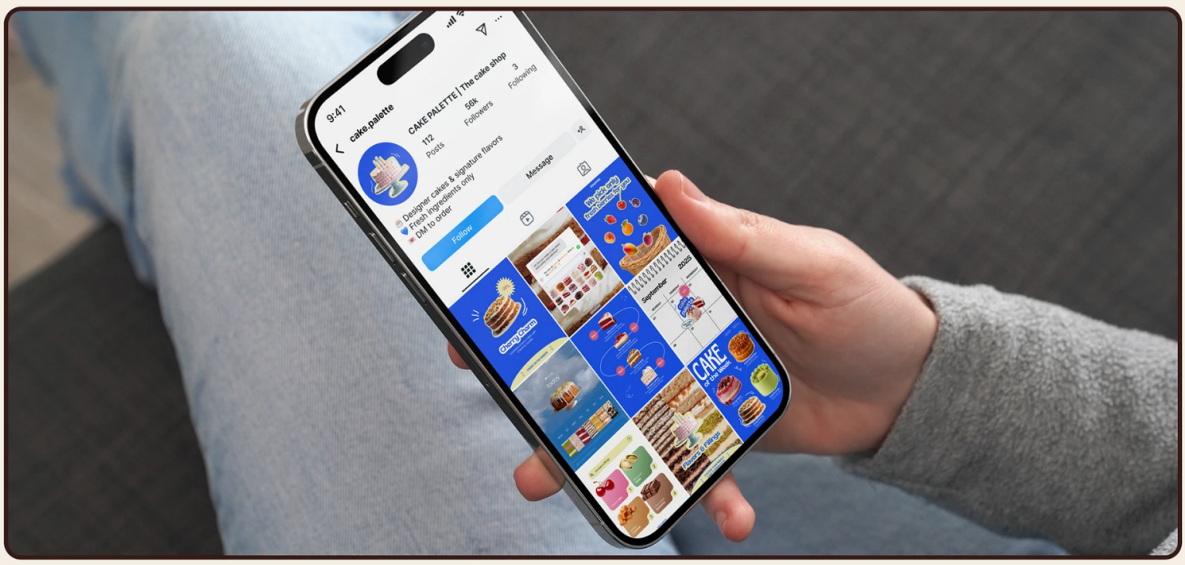
About the project: Instagram visual identity for the custom cake brand Cake Palette

Result: Developed a cohesive Instagram visual identity, including the profile photo and post design aligned with the brand's style

project 2







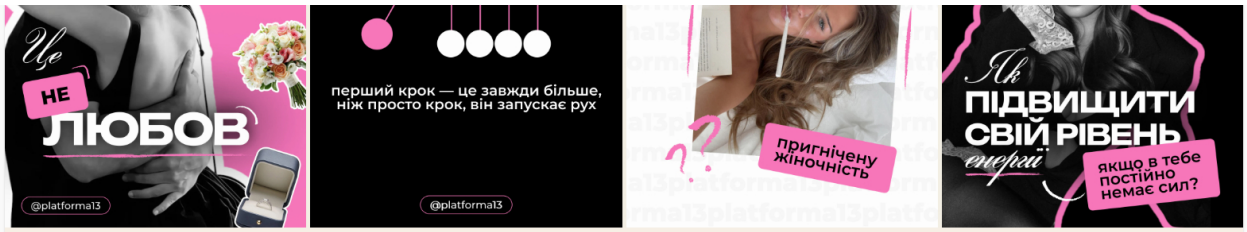
project 3

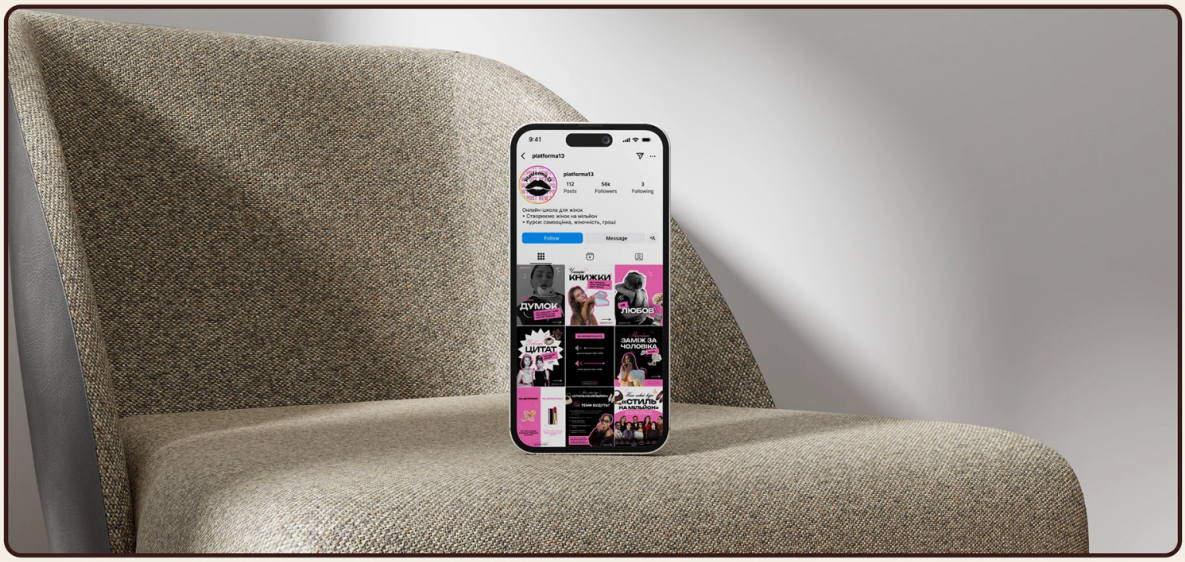
social media design

school for women

About the project: Visual identity for online school empowering women through confidence, femininity, and personal growth

Result: Created a refined and cohesive Instagram aesthetic that reflects the brand's values and strengthens its recognizable, premium look





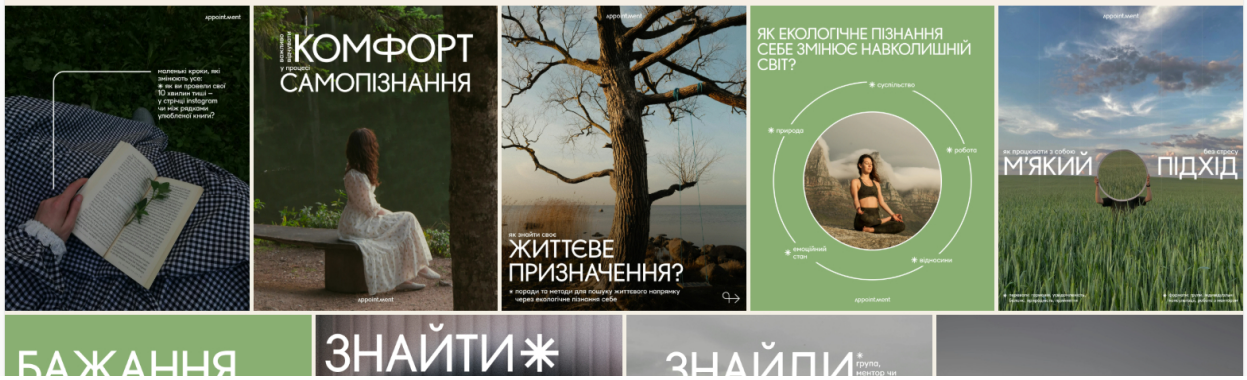
project 4

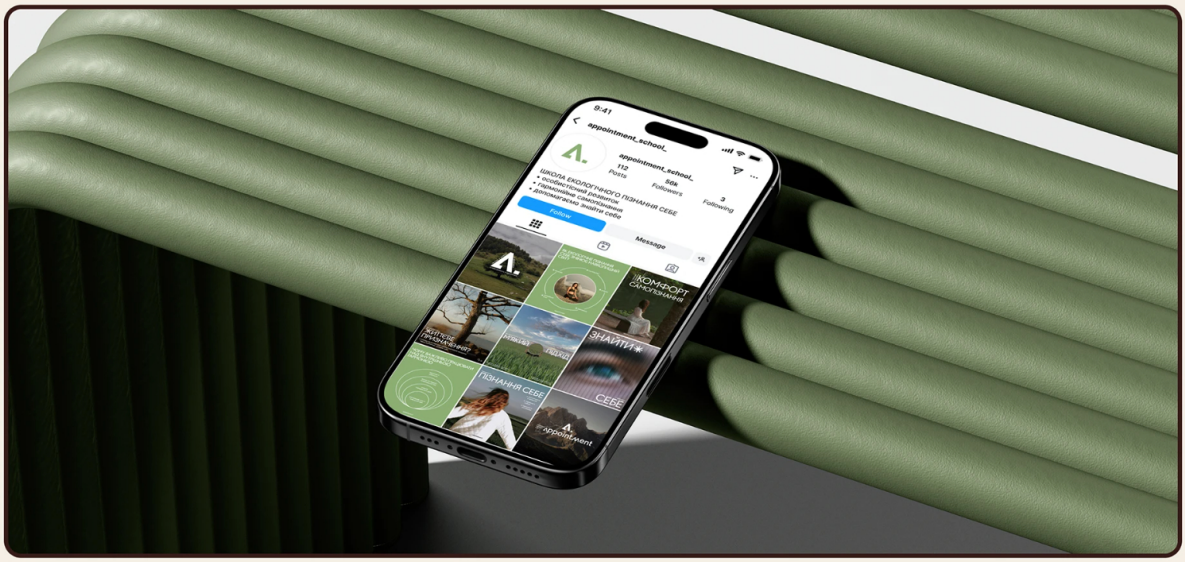
social media design

ecological self-discovery school

About the project: Instagram visual identity for Appointment — a school of ecological self-exploration focused on gentle personal growth and conscious living

Result: Created a calm and cohesive visual system that reflects the brand's values and makes the Instagram profile clear, recognizable, and aligned with the school's philosophy





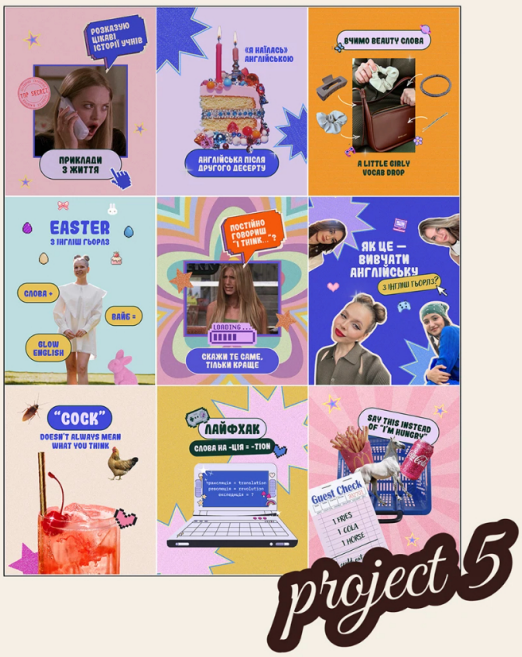
project 5

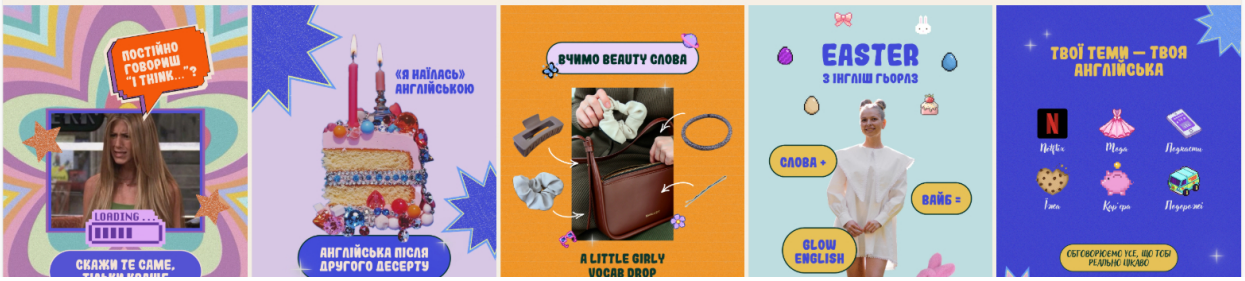
social media design

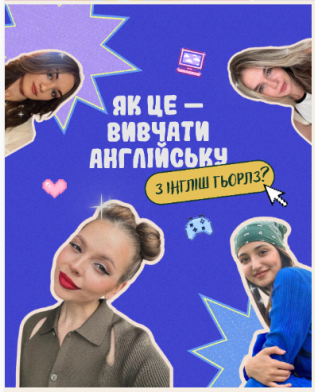
english school

About the project: Instagram visual identity for an online English school built around the themes of mission, spy aesthetics, and a soft Y2K glam vibe

Result: Refreshed the Instagram system while keeping the brand's essence. The final concept combines clarity, storytelling, and a distinctive spy-mission aesthetic, making the account visually cohesive and memorable







project 6

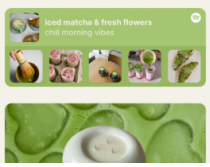
social media design

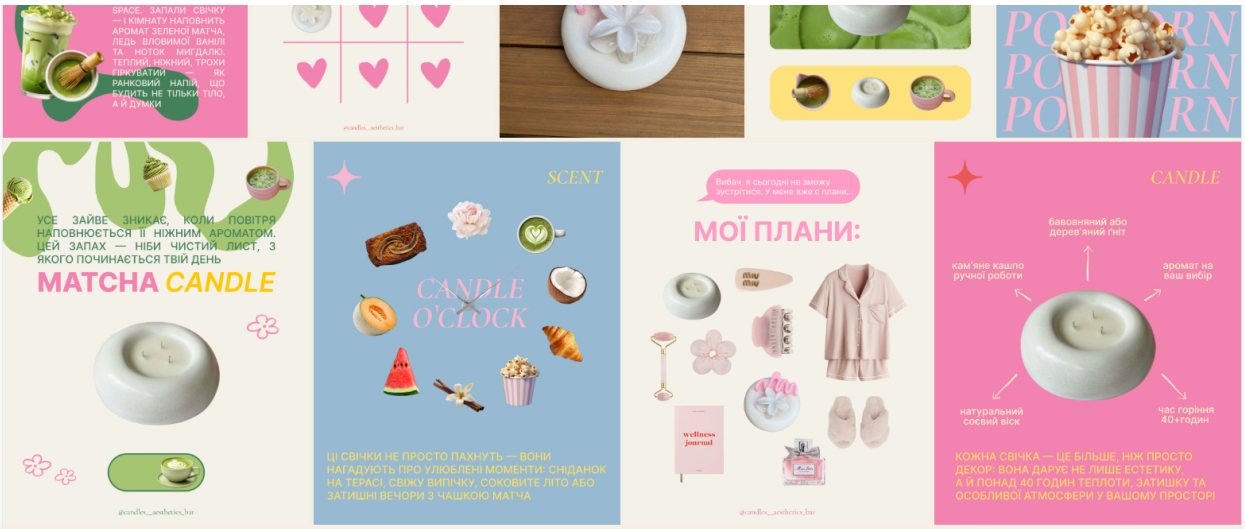
candle brand

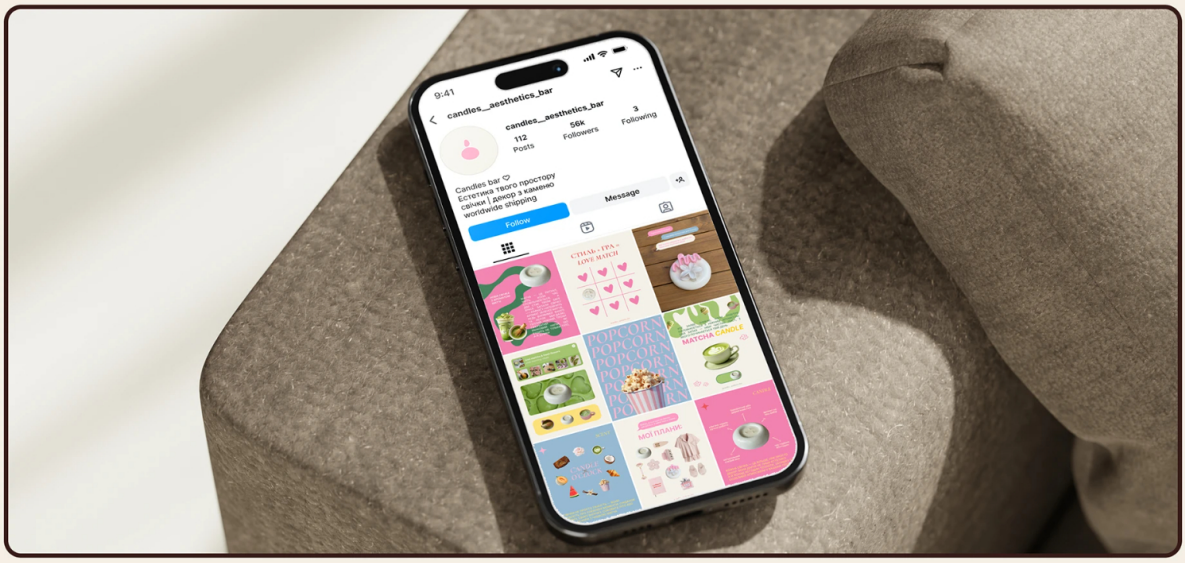
About the project: Instagram visual identity for a handmade candle and home-decor brand that focuses on modern aesthetics, atmospheric products, and emotional storytelling through scent and design

Result: Developed a fresh, recognizable Instagram identity with updated colors, typography, and graphic elements. Created a visual system that enhances brand memorability, communicates product quality, and highlights the lifestyle mood behind each candle

project 6







project 7

social media design

online german language school

About the project: Instagram visual identity for a language school teaching German with a clear structure and an inspiring, slightly retro learning atmosphere

Result: Refreshed the brand's Instagram presence while preserving its identity — updated colors, typography, and layouts to create a modern, readable, and instantly recognizable visual system

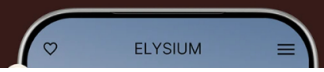
project 1

ui/ux design



real estate

Goal: create a structured, elegant website that clearly showcases the company's properties, emphasizes their key advantages, and ensures an intuitive, trust-building user experience

Solution: the design is built on a clean, balanced grid with a dark palette and warm golden-beige accents to convey luxury and stability. The interface follows UX best practices — logical menu structure, full adaptability across devices

english language school

Goal: Create a modern, mobile-first website for an online English-learning community that clearly communicates the school's philosophy. The site should also reflect the brand's bright identity and reinforce its friendly, community-driven character

Solution: The website features a clean, scroll-optimized mobile layout that highlights the school's core values and teaching approach. A strong visual identity runs throughout the interface: vibrant signature colors, bold accents, and playful graphic elements create an instantly recognizable brand style

Ми – ком'юніті викладачок

ІНГЛІШ ГЬОРЛЗ

Зрощуємо англійську зсередини

Ми створили простір, де навчання – це не про "правильно/неправильно", а про "чути/відчувати/говорити"

МІНІ-ГРУПИ

Наша філософія

У нас немає шаблонів

Є ти – і простір, який формується навколо тебе

Заняття – це не лекція

Це жива зустріч. Ми слухаємо, сміємось, уточнюємо, іноді малюємо, іноді сперечаємось

Граматика – це не нудно

Використовуємо граматику, щоб спілкуватися, а не заучувати

Ідеально для тих, хто росте у взаємодії
